APPLICATION & FEATURES

KEY FEATURES

- **Lightweight Yet Strong:** High strength-to-weight ratio with structural integrity
 - **Enhanced Airflow & Transparency:** Increased open area for ventilation and light diffusion
 - **Modern Design Appeal:** Geometric, symmetrical look ideal for modern architecture
 - **Slip & Impact Resistance:** Suitable for load-bearing and anti-skid surfaces
 - **Customizable Patterns:** Tailored hole shapes, sizes, and pitch
-

APPLICATIONS

- Building Facades & Cladding Panels
- Interior Partitions & Screens
- Sunshades, Grilles & Airflow Panels
- Stair Treads, Flooring & Safety Platforms
- Furniture Inserts, Fixtures & Retail Displays
- Security Enclosures & Machine Guards
